

LTL.xpo.com Instructions

RATE QUOTE

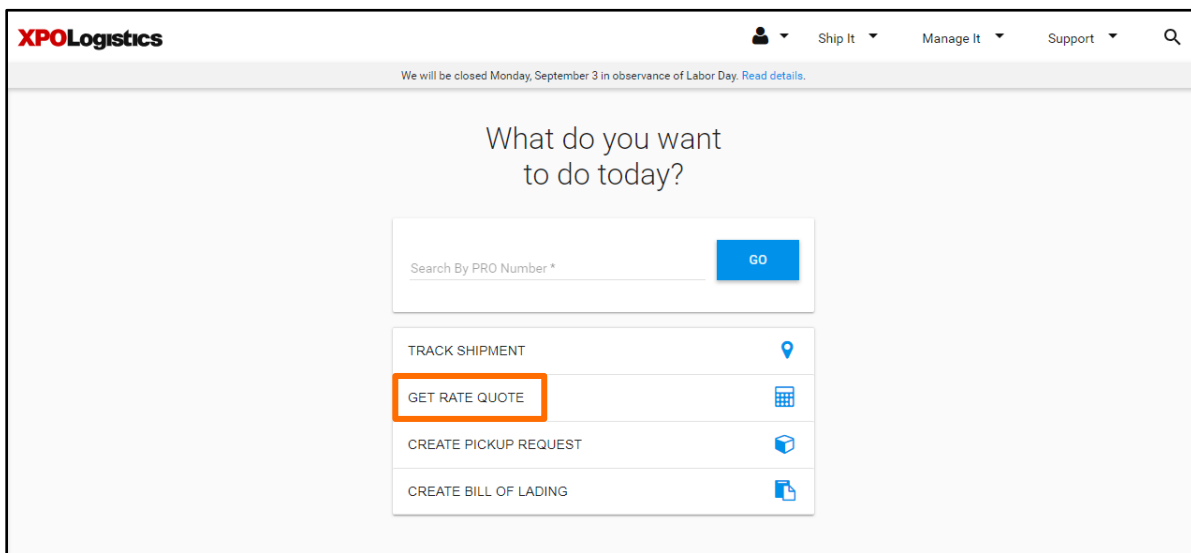

Overview

Use the Rate Quote tool on LTL.xpo.com to:

- Create a new rate quote.
- Review your previous rate quotes.

Start a New Rate Quote

1. Go to LTL.xpo.com and click **GET RATE QUOTE**.

2. Enter your **Username** and **Password**.

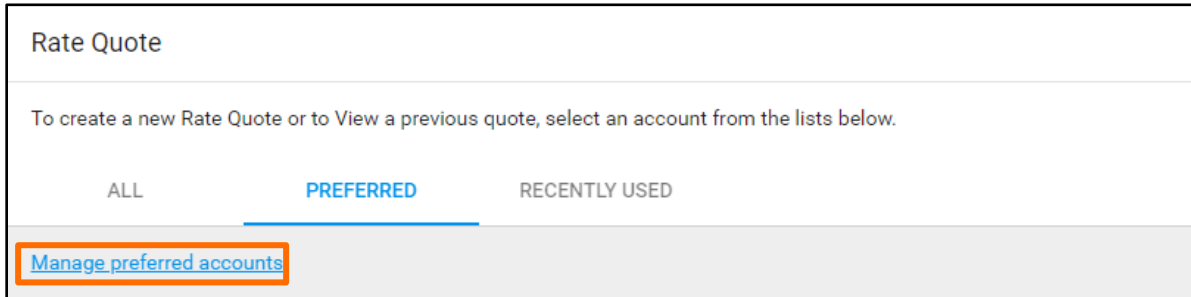

Note: If you do not log in, you may continue with a non-registered quote by clicking **Continue As Guest**; however, the quote will not include customer-specific rates or pre-filled information. The rest of this document contains information and screenshots based on examples of logged in accounts.

Rate Quote Instructions

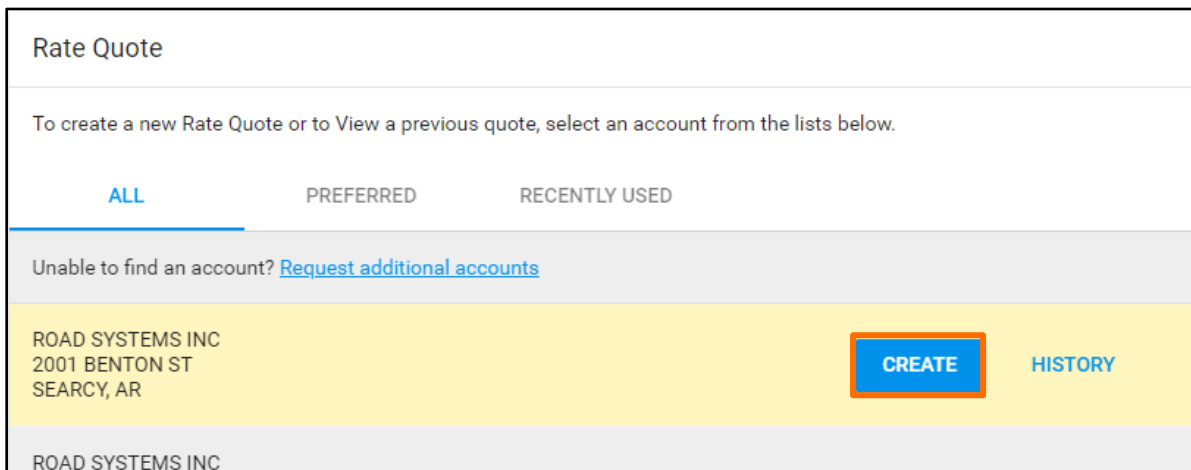

RATE QUOTE, CONTINUED

3. Select the account for which you want the quote.

Note: Use the **PREFERRED** and **RECENTLY USED** tabs to help you find your accounts more quickly. On the **PREFERRED** tab, you can manage which accounts are shown by clicking the [Manage preferred accounts](#) link.

4. Once you've selected an account, click **CREATE**.

5. Complete the following details:

- a. If the account you selected is Pickup/Delivery, select the role of your account in the shipment (**Shipper** or **Consignee**).
- b. If the account is the **Shipper**, select the **Country** of the consignee. If the account is the **Consignee**, select the **Country** of the shipper. If the account is Bill-To, choose the **From Country** and the **To Country**.
- c. Select the **Postal Code** or **City/State**.

Note: If you select United States or Canada, you will be asked for a Postal Code. If you select Mexico, you will need to select a City/State.

Tip: If you do not know the Postal Code, you can click the Search  icon.

- d. Enter or select a date for **Shipping**.
- e. Select **Prepaid** or **Collect** for **Payment Terms**.
- f. For each commodity, enter the **Class** and **Weight** and click the box if it contains **Hazmat**.

Tip: Turning on **Dimensions** allows you to provide more details for the shipment. Entering **Dimensions** will improve the accuracy of the rate quote, especially for large and heavy shipments.

Rate Quote Instructions

Shipment Details

Dimensions
 (i)

| | | | | | | | |
|----------------------|--------------------------|--------------------------|----------------------|-------------------------|-------------------------|-------------------------|--|
| Class | Weight | Hazmat | Units | Length | Width | Height | |
| <input type="text"/> | <input type="text"/> lbs | <input type="checkbox"/> | <input type="text"/> | <input type="text"/> in | <input type="text"/> in | <input type="text"/> in | |

Note: **Dimensions** is automatically turned on and required for shipments to and from Mexico, Alaska, Hawaii, and Puerto Rico.

6. You can include some optional details, including:

- a. Pallets**—entering the number of pallets is optional; however, if your pricing agreement has a pallet provision, be sure to include it if this is needed for your rate quote
- b. Additional Service Options**—select the **Additional Service Options** needed for the shipment quote

Note: This list of **Additional Service Options** changes based on your selections in the sections above. For instance, if you selected a destination in Mexico for the ship to or from, you would see **Border Crossing** under **Miscellaneous**.

c. Comments.

Note: These comments are for your reference only. These are not notes for XPO Logistics drivers or other XPO Logistics employees.

7. Click **Get Rate Quote**.

Note: Some rate quotes may require manual review after being submitted. An example is shipping hazmat from Mexico.
